

REMARKS

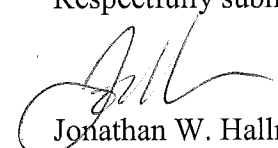

This R. 312 amendment is responsive to the Notice of Drawing Inconsistency mailed 02/24/2010. Through a typographical error, the Applicant had not described Figures 7H, 7I, and 23B in the brief description of drawings section of the specification. Thus, this section is amended to include a description of these figures. No new matter is added: for example, the mastering process of Figure 7H is described in the specification starting on page 36, line 29. The creation process of Figure 7I is described in the specification starting on page 38, line 28. Finally, the authoring process of Figure 23B is described starting on page 86, line 14. Accordingly, entry of this amendment is proper under Rule 312.
